Welcome to our story

A Northern Story is our new Identity based on former **Vrikke of Norway**.
We are taking the best of Vrikkes philosophy into a profile *more at home*.

Our design is influenced by Norwegian tradition and pattern, made with a personal twist yet with respect of national treasures.
The design is loved both by Norwegians and travellers from all over the world.

A Northern Story have two different style-groups.

- **The merino/wool styles** are modern Norwegian design in a super-soft blend of European merino wool and in Lamb's wool. The styles are made in Europe. The producer is an acknowledged company, also a woman business, based in Lithuania.
- **The embroidery styles** are beautiful Norwegian design based on old traditional patterns influenced by rose paintings and patterns from special areas in Norway. The embroidery is made by hand directly on boiled or knitted wool. The styles are made in China by a company approved by Norwegian government.

Tove, Charlotte and Anna (the owners) all have background in design-related education and occupation. We are all dedicated to make personal new Norwegian design based on tradition, with sustainable production.
